

## **SENIOR AUTOMATION AND CONTROLS PROJECT MANAGER, FULL-TIME, PERMANENT**

Fantastic opportunity for an ambitious controls engineer with 8 years' controls and electrical experience to join J P Hildreth Ltd, a growing engineering consultancy specialising in manufacturing technologies.

**Salary:** Attractive/Negotiable circa £60k, plus benefits

**Location:** Bucks/Herts/Berks, some UK travel. Hybrid working home & office & client site.

This job offers constant variety and challenge. You will be a key member of the consultancy team. You will have the opportunity to visit factories across the UK, advising on equipment and technologies.

### **MINIMUM EXPERIENCE & QUALIFICATIONS REQUIRED:**

- Good engineering degree, electrical engineering or controls & automation preferred
- Experience of pharma and or food manufacturing environments
- Minimum of 8 years' experience as an electrical and controls engineer
- Excellent communication and people skills
- Knowledge of Health & Safety requirements in manufacturing and construction
- Evidence of entrepreneurial flair and commercial thinking

### **SKILLS REQUIRED:**

- Meticulous planning and organisation
- Creative problem-solving applying expertise, innovation and technology
- Uncompromising commitment to quality and correct procedure
- Persuading and influencing
- Communicating clearly and in good time
- Making decisions
- Managing budgets
- Managing risk
- Managing scope changes
- Meeting client expectations
- Adapting and responding to change
- Leading and supporting clients' engineering teams
- Coaching young engineers
