

Validation Engineer

You will be joining J P Hildreth Ltd, a growing engineering consultancy, specialising in manufacturing technologies.

Salary: £40K to £50K

Location: Bucks/Herts/Berks. Hybrid working home & office & client site.

You will be working as an equipment validation engineer, mainly in a pharma manufacturing environment with exposure to new machines, new techniques and constant variety and opportunities to learn. You will be working with a complex network of stakeholders across client organizations.

EXPERIENCE & QUALIFICATIONS REQUIRED:

- Degree in Engineering / Computer Science / Sciences
- Good computer skills to develop documentation & Technical Writing Skills
- Experience of manufacturing in a regulated environment, ideally cGxP
- Knowledge of Health & Safety requirements in manufacturing

SKILLS REQUIRED:

- Generate and execute full life cycle validation documentation
- Lead validation meetings and design reviews
- Manage change control and version management
- Win buy-in from a complex network of stakeholders
- Liaise with vendors to resolve any issues on the system or documentation
- Cope with the conflicting priorities in a manufacturing environment
- Use problem-solving skills and analysis to overcome obstacles
- Work in a highly regulated environment following a client process and strict sign-off procedure
- Excellent communication and people skills

About J P Hildreth Ltd

We are one of the UK's leading manufacturing consultancies and employ 40 engineers, technologists, and validation specialists. We work for major companies like Mars & GSK. We help define capital investment projects, deliver them and track benefits with certainty. Our engineers install and validate advanced manufacturing technology from around the world.

We are a positive, look-ahead, company. People like to work for us. We invest in training and development. We react swiftly to opportunities, make the most of good ideas, and play to people's strengths. www.jpchildreth.com

JP Hildreth has been established as an Employee Ownership Trust (EOT). This means that the business is owned by an independent trust which is tasked to act in the best interest of the employees.

There are many incredible benefits of this type of structure for both our employees and our customers. A few of the most significant employee benefits are listed below (subject to contract conditions):

- The long-term future and independence of JPH is secure.
- The structure demands an active employee representation and involvement through to the operating board.
- All employees are beneficiaries of the trust and business profits are re-invested and/or shared equitably among the employees (part of profit share payments are made free from income tax).

Ultimately, all of us employed here at JP Hildreth have an equitable stake in the future and success of the business. If this sounds like something you would love to be a part of then we would like to hear from you!

(You can find out more about the EOT philosophy and its practical impacts by following the link: <https://employeeownership.co.uk/>)
