

Project Engineer

This job offers constant variety and challenge. You will have the opportunity to visit factories across the UK, advising on equipment and technologies.

Salary: £35K to £45K

Location: Bucks/Herts. Hybrid working home, office & client site.

You will be working on a portfolio of manufacturing investment projects and take responsibility for quality; the delivery of the technical solution; managing installation and contractors; and supporting the client & stakeholder relationships.

It is essential that you have a minimum of 3 years' experience in a manufacturing environment.

JOB DESCRIPTION:

- **Provide** support to project team members ensuring objectives are met.
- **Involved** in client project meetings with contractors and stakeholders.
- **Responsibility** to identify and mitigate or reduce risks.
- **Review** the project scope of works to ensure client / stakeholder requirements are met.
- **Coordinating** people and resources.
- **Validation** authoring and executing of protocols, risk assessment and other documents.
- **Supporting** the team and project manager completing work packages.
- **Resolving** issues with the stakeholders, plans and budgets.
- **Hosting** third party contractors.
- **Understand** client project approval process and CapEx cycle.
- **Comply** with Health & Safety requirements in manufacturing and construction.

SKILLS & QUALIFICATIONS REQUIRED:

- **Experience** ideally at least 3 years in pharma, healthcare, or regulated environment.
- **Knowledge** & experience of Health & Safety requirements in manufacturing.
- **Bachelor's** degree in one of the following: Engineering, Chemistry, Computer Science or Life Sciences

About J P Hildreth Ltd

We are one of the UK's leading manufacturing consultancies and employ 40 engineers, technologists, and validation specialists. We work for major companies like Mars & GSK. We help define capital investment projects, deliver them and track benefits with certainty. Our engineers install and validate advanced manufacturing technology from around the world.

We are a positive, look-ahead, company. People like to work for us. We invest in training and development. We react swiftly to opportunities, make the most of good ideas, and play to people's strengths. www.jpchildreth.com

JP Hildreth has been established as an Employee Ownership Trust (EOT). This means that the business is owned by an independent trust which is tasked to act in the best interest of the employees.

There are many incredible benefits of this type of structure for both our employees and our customers. A few of the most significant employee benefits are listed below (subject to contract conditions):

- The long-term future and independence of JPH is secure.

- The structure demands an active employee representation and involvement through to the operating board.
- All employees are beneficiaries of the trust and business profits are re-invested and/or shared equitably among the employees (part of profit share payments are made free from income tax).

Ultimately, all of us employed here at JP Hildreth have an equitable stake in the future and success of the business. If this sounds like something you would love to be a part of then we would like to hear from you!

(You can find out more about the EOT philosophy and its practical impacts by following the link: <https://employeeownership.co.uk/>)
